

~~SECRET~~4th December, 1959.COCOM Document 3716.00/1COORDINATING COMMITTEERECORD OF DISCUSSIONON1959 LIST REVIEW601-699 SERIES - METALS, MINERALS AND THEIR MANUFACTURES

Present: Belgium(Luxembourg), Canada, France, Germany, Italy, Japan, Netherlands, United Kingdom, United States.

References: COCOM Docs. Nos. 3700.1 - 9, 1959 REVIEW - W.P.6/1601,/1635,/1648, /1653, /1658, /1661, /1668, and /New W.L. Item No. 1.

The Coordinating Committee reviewed the following items in the 601-699 series - 1601, 1635, 1648, 1653, 1658, 1661, 1668 and a new Watch List Item proposed by the United States Delegation.

A Review Sub-Committee, assisted by experts and under the Chairmanship of Mr. R. BLIEK (Netherlands), met on the 25th and 27th November. At that time, the Committee examined the findings of the Sub-Committee and drew the detailed item-by-item conclusions to be found in the following documents: COCOM Docs. Nos. 3716.35/1, 3716.48/1, 3716.53/1, 3716.58/1, 3716.61/1, 3716.68/1 and 3716.WLNI 1/1.

The table attached hereto shows the categories into which the items under study fell at the close of the first round of discussion.

Item 1601 was examined by the Review Sub-Committee within the context of the debate on the 001-099 series - Metal Working Machinery (see COCOM Doc. No. 3710.00/1). The result of the review of this item is set out in COCOM Doc. No. 3716.01/1.
